About Us

MCA EXIM supplies high-quality, Turkish-origin plastic pet products and accessories to business partners in the global market, with a primary focus on Europe.

Utilizing proprietary molds, our manufacturing portfolio includes cat litter boxes, pet carriers, food and water bowls, pet houses, and grooming accessories. In addition to these manufactured goods, we also supply premium white bentonite cat litter. A strong emphasis is always placed on product durability and reliability.

To align with varying market dynamics, product specifications, color options, packaging, and shipping details can be fully customized with a flexible approach according to specific customer requirements.

Fast and secure global shipments are dispatched directly from our central warehouse in Istanbul. This centralized structure guarantees maximum efficiency for every commercial order. Beyond offering high-quality product supply, end-to-end logistical support is provided for transportation, customs clearance, and door-to-door delivery operations.

We stand as a reliable, long-term, and solution-oriented business partner for distributors, wholesalers, retail chains, and professional buyers.

Own molds.

Reliable production.

European distribution.
